

SUPERYACHTS

Light weight and easy to use, the elegant design of the atlas range will perfectly compliment the sleekest of superyachts. Custom sizes are available and multiple deck sockets allow for a single davit to be used in various locations around the vessel and then easily stowed away after use.

Suitable Davits: atlas baby davits, atlas standard davits 1200 - 3000

Use: seabobs, jetskis, tender, man over board, rescue davits

DOCK SIDE

An atlas davit is the perfect solution to heavy lifting from pontoons and marinas. Deployable by a single person, the atlas davit can be used to hoist equipment and people safely, quickly and efficiently from dockside to boat.

Suitable Davits: atlas baby davits, atlas standard davits 1200 - 3000

Use: dinghies, jetskis, people

SAILING YACHTS

Usually seen gracing the decks of superyachts there is also a place for the smaller of the atlas range on sailing boats. Wherever an elegant and light weight lifting solution is required, the atlas davit is the answer - our new atlas baby davit range weighs from 9kg lifting 125kg.

Suitable Davits: atlas twin davits

Use: tender, rib, jetski, man overboard.

MOTOR BOATS

Not just for superyachts, our range of davits are perfect for motor boats.

Suitable Davits: atlas baby davits, atlas standard davits 1200 - 2000

Use: dinghies, outboard motors

INDUSTRIAL

As an approved supplier to both the UK Ministry of Defence and Trinity House, atlas davits have already been extensively tried and tested worldwide in an industrial setting. Their light weight yet robust construction makes them a perfect choice in the workplace.

Suitable Davits: atlas baby davits (lift 125kg), atlas standard davits 1200 - 3000

Use: man over board, rescue davits, any other heavy lifting needs

atlas

effortless portable power

Why choose an atlas davit?

- Portable - starting from 8kgs
- Strong - lifting up to 500kgs
- Available in a range of sizes
- Available as single or two piece
- Rotates through 360 degrees
- Quick and simple to erect and use
- Multiple watertight deck sockets
- Easily stowed
- CE approved and ISO9001
- METS - DAME award winner

The atlas range of carbon fibre davits provides the most elegant solution to your lifting requirements. The atlas range is produced by the world class team at Jeremy Rogers Limited, well known as the producers of fine yachts and approved suppliers to the UK Ministry of Defence. The METS-DAME award winning atlas davits have been tried and tested the world over on superyachts, docksides and military vessels.

All our range of davits can be class approved to meet man overboard, man riding and rescue boat launching standards.

atlas Single

atlas Two Piece
